Green Roof Plug Trays

Overview

As one of the largest perennial plug growers in the nation, Etera has the experience and capacity to produce for the largest green roof projects. We offer contract growing of the most popular green roof varieties.

Custom Plug Orders

- Minimum: 24 trays, 10 trays per variety
- Custom orders cannot be cancelled
- Limited quantities of inventory may be available with no minimum

Technical Data

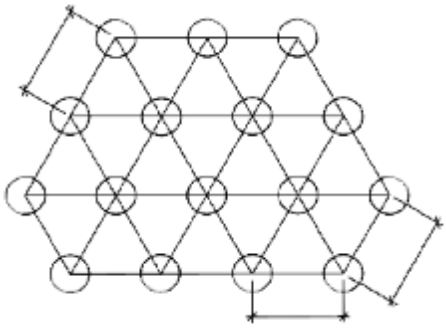
- Tray Measurements - 10” W x 20” L
- Plug cell size: 72-cell
- Plug dimensions: 1 ½” wide x 2” deep

Installation

Tap or shake the trays to loosen the plugs. Dump out the plugs or gently push from the bottom of the tray to remove. Install directly into a minimum 3” moist growing media and immediately water to settle.

Spacing Recommendations

Planting in a triangular pattern will provide uniform coverage.



72-Cell Plug Triangular Spacing Chart							
On Center Spacing	Square Foot Multiplier	Number of Plants Needed:					
		25 sf	50 sf	100 sf	500 sf	1,000 sf	10,000 sf
